Ingredients

- 2 tsp oil
- 1 1/2 tbsp Thai red curry paste
- 700ml strong chicken/vegetable stock
- 700ml unsweetened coconut milk
- 1 large lemongrass stalk trimmed and cut into 2-inch pieces
- 6 thin slices fresh galangal or ginger
- 2 Thai chilies seeded cut in thin slices (adapt to taste)
- 3 tbsp fresh lime juice
- 2 tbsp Asian fish sauce (or vegan alternative)
- 1 lb chicken breast (or tofu) cut into thin strips
- 75g white button mushrooms sliced thinly
- 5g fresh Thai basil, thinly sliced
- Coriander or basil leaves for garnishing

Instructions

Warm the oil in a pan over medium heat. Add the curry paste, stirring until fragrant. Add the stock, coconut milk, lemongrass, ginger, chilies, lime juice, and fish sauce and bring it to a simmer, about 5 minutes. Add the chicken/tofu strips and simmer for 15 minutes. Add the mushrooms and the basil and simmer for another 5 minutes. Add salt to taste if needed. Remove the lemongrass and ginger and serve immediately, garnished with fresh basil leaves or coriander.

Your party look in 5 easy steps

Step 1: Prepare damp hair with *Anti.Gravity* spray and dry into the hair.

Step 2: Back comb the hair (for volume) and smooth the top layer so it looks neat. Gather all the hair to one side and plait it so it is going towards the other side of your head. (leave out two pieces of hair at the front on either side of the parting).

Step 3: Clip the plait on to your head, making two rows. Pull the plait out so it's looser and a bit messy. Make sure you can't see the clips.

Step 4: Fix everything in place. Curl the two pieces of hair that you left out at the front.

Step 5: Finish the look with session spray, you are now ready for your Christmas party!

Top tip: When plaiting the hair don't plait it too tight otherwise it will be harder to pull out at the end.

Team favourites -Chloe

Last time we took a look in Becky's shower bag, this time Chloe tells us what she uses to take her hair from a day in the salon to a night out.

Day to day

I always have two shampoos on the go to give my hair what it needs. My favourites are *Balancing.Wash* and *Stimulate.Me.Wash* as they leave my hair feeling squeaky clean. To condition I use *Blonde.Angel* rinse. It's perfect for maintaining a really cool blonde without scrimping on moisture.

Repair and Protect

I am growing my hair out, so protecting from damage is very important, it needs to be in tip-top condition. I use four different products after washing my

hair. Not a problem with the KM range because all the products are weightless, so you can layer them without feeling like your hair is heavy or lank.

I use *Un.Tangled* to detangle my knots. Then *Body.Mass* which I love because

it's made my hair grow so fast and keeps it healthy and thick. Afterwards I add some *Leave.In.Repair* on the ends to heal any split ends. Finally, a couple of spritzes of *Shimmer.Me.Blonde* for heat protection before I style.

Night out

For a night out I usually like my hair to look quite sleek. *Young.Again* oil leaves my hair super smooth and hydrated. Then I go over with straighteners.

You can just keep one

That's easy. I would definitely keep *Un.Tangled*. It's my saving grace, I can't go anywhere without it. It detangles, protects from heat and is a leave-in conditioner all in one. It makes my life so much easier when it comes to brushing the knots out of my hair as it doesn't hurt at all. I absolutely love it!
